

WHO PROVIDES CARE?

Hospice care is delivered by a team of professionals who address the patient's medical, physical, emotional and spiritual needs.

The team consists of the attending physician, hospice medical director, licensed nurse, social worker, chaplain, bereavement coordinators and trained aides. Other services available are Volunteers/Homemaker, dietitian and therapist when appropriate.

WHO ARE IN NEED OF THE CARE

For those who have medical conditions with a life expectancy of six months or less, if the illness runs its normal course.

- * Living within the geographic areas served by the Hospice
- * Agree to palliation (control) of symptoms and not cure of illness

HOW IS HOSPICE CARE STARTED

Help is only one phone call away. The attending physician, patient, family member, friends, clergy, social workers, hospital discharge planner, or any person concerned with a patient's well being, can make a referral. We are here to assist you for the beginning of the Hospice program, determining eligibility and Hospice admission criteria.

ADMISSION PROCESS

Admitting a patient to the hospice is a single process. Please call Arizona Professional Hospice and an admission coordinator will arrange for someone to meet with the patient, family or Power of Attorney for the explanation of the hospice program.

What is a Hospice?

A Hospice is a benefit of health services designed to meet the general needs of patients and their love ones. When a patient is diagnosed with a disease condition for which comfort and palliative care rather than curative treatment were ordered, hospice will help you and your family make choices about end-of-life issues that enables you to have greater control over these challenges.

Can a Hospice Service make a difference?

Hospice care provides comfort and kindness to people nearing the end of life's journey.

Hospice will help you make decisions about how and where you want to spend the rest of your life. Hospice care is provided by an interdisciplinary team of professionals in partnership with your primary care physician. Family and significant others are encouraged to be part of the care team. Counseling and Spiritual support are available to the patient as well as to the family members.

Our business hours are from Mondays thru Fridays 9:00 a.m. to 5:00 p.m. (excluding holidays)

We have a 24/7 on-call nurse available to assist you with your health issues and questions after office hours and on weekends.
